shade: chinese porcelain

light: 230 V | GX53-9W
IP67 lighting component

Whitegold(*) is the result of the collaboration between Domani and stefan schöning. It's an innovative and unconventional collection, suitable for outdoor or indoor use and major urban projects or domestic surroundings. (*)Because Chinese porcelain was so rare and expensive during the 17th Century, it was valued more highly than gold and therefore called 'white gold'. Even today the finest quality porcelain is still 'made in China'.
